II. Purpose of Addendum

The purpose of the addendum was to increase the capacity from 5 residents to 6 residents. The licensee designee altered square footage dimensions of one bedroom and the living room, expanding the northeast bedroom located by the kitchen to accommodate two residents instead of one, which decreased the square footage of the front living room.

III. Methodology

03/22/2010 Onsite Inspection
Consultant measured living room and Northeast bedroom located by the kitchen.

IV. Description of Findings and Conclusions

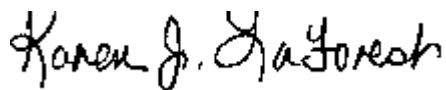

On 3/22/2010 during the onsite renewal inspection, the consultant re-measured the Northeast bedroom located by the kitchen which measured 10'9" x 10'11" plus 7" 10" x 3'3" or a new total of 143.91 (old measurement was 95.89), meeting compliance with Rule 400.14409 (3) which is 130 square feet. The front living room measured 12'1" x 7'5" plus 9' x 10'9" or 186.38 square feet, from 218.45 square feet, a decrease of 32.07 square feet. The overall reduction of indoor living space is now 477.25 (509.32 total indoor living space minus 32.07 square feet reduced in living room). Total indoor living space is in compliance with Rule 400.14405 (1) (35 square feet times 6 residents is 210 square feet).

Mr. Balisi had supplied all necessary furnishings including an additional twin bed, chair, dresser, etc required by Rule 400.14410.

Mr. Balisi submitted an amended floor plan to accommodate an additional resident.

V. Recommendation

It is recommended that the licensed capacity at the Angelic Foster Care Home be increased from five (5) residents to six (6) residents.
