II. Purpose of Addendum

The purpose of this addendum is to change the use of space in the facility. Specifically, the office will be changed to a resident bedroom.

III. Methodology

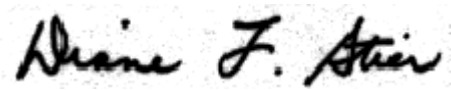

The licensee submitted a *Request for Modification of the Terms of the License*, indicating that the existing office will be converted to a bedroom. There will be no change in the capacity of the license. This conversion of space will permit two residents to have private bedrooms.

IV. Description of Findings and Conclusions

The existing office in this AFC home, located immediately to the left of the main entrance, was originally designated as a resident bedroom when this home was licensed to a different provider. The room measures 7.6' x 17.7' for a total of 134 sq. ft. I inspected the bedroom and found it met all rule requirements regarding resident bedrooms.

V. Recommendation

I recommend that the change of use of space be approved, so that the former office in the facility is now a private resident bedroom.
