**III. Methodology**

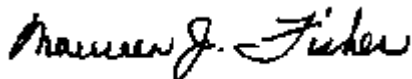

09/03/2013 Request for modification of the terms of the registration/license received. Double occupancy bedrooms eliminated—all bedrooms now furnished as single-occupancy bedrooms.

**IV. Description of Findings and Conclusions**

On 9/3/2013, Ms. Foote submitted her written request to reduce the capacity of the River Bend #2 facility from 20 residents to 15 residents. This request coincides with converting all bedrooms previously approved as double occupancy bedrooms to single occupancy bedrooms. Living space in the facility remains unchanged and documented as fully sufficient for up to 20 residents in the original licensing report of November 2000. The facility will continue to service the populations previously approved: aged, mentally ill, and/or developmentally disabled.

**V. Recommendation**

I recommend approval of Ms. Foote's request to modify the capacity of the facility from the previously approved 20 beds to 15 beds.
