II. Purpose of Addendum

The purpose of this addendum is to determine if this facility can accommodate the licensee's request to modify the terms of her license. The licensee is requesting that two of the facility's bedrooms, which were previously not licensed and approved for resident use, be licensed and approved for resident use. The licensee is not requesting to change the capacity of her license.

III. Methodology

10/29/13 – Contact Document Received
I received a written request from the licensee to modify the terms of her License

11/21/13 – Inspection Completed Onsite

IV. Description of Findings and Conclusions

On 11/21/13, I conducted an onsite inspection of Brown Adult Foster Care Facility. At Ms. Brown's request, the upstairs North-Northeast bedroom and the upstairs North-Northwest bedroom were measured to determine whether they meet the licensing requirements to accommodate residents.

According to my measurements, the North-Northeast bedroom measures 11'x11'7" which equals 127.41 square feet of living space and the North-Northwest bedroom measures 15'8"x11'7" which equals 181.47 square feet of living space. In addition, there is a full bathroom directly off the North-Northwest bedroom which would be utilized by the resident(s) who occupies this bedroom.

I conclude that both of the bedrooms meet all of the AFC licensing requirements to be approved for resident use. The North-Northeast bedroom is approved to accommodate a maximum of one resident and the North-Northwest bedroom is approved to accommodate a maximum of two residents.

The licensee acknowledged that it is her responsibility not to exceed her licensed capacity of six residents.

The licensee is in full compliance with the licensing rules pertaining to her request to gain approval to utilize the upstairs North-Northeast bedroom and the upstairs North-Northwest bedroom for resident use.

V. Recommendation

I recommend that the upstairs North-Northeast bedroom and the upstairs North-Northwest bedroom of this facility be approved for resident use.
