IV. Description of Findings and Conclusions

Ms. Wiacek is increasing capacity by having an upstairs bedroom licensed. The upstairs bedroom measures 17'9" X 11'8" and 9'10" X 4'3" for a total of 245 square feet which exceeds the minimum of 65 square feet. The bedroom has an attached bathroom. There had been an issue with the stairs not being a consistent height which caused a trip hazard. Ms. Wiacek had the steps re-built and they are now a consistent height. This room meets licensing requirements.

V. Recommendation

Increase capacity from 4 to 5 residents.
