Name of Facility: Harbor Point Intensive - North Unit

Nunica, MI 49448

Facility Telephone #: (616) 414-7305

Capacity: 6

Program Type: MENTALLY ILL
DEVELOPMENTALLY DISABLED

II. Purpose of Addendum

The licensee designee submitted a written request to use the lower level of the facility for a library, workout room and gym space.

III. Methodology

On-site completed for a CAP verification on 09/14/2015. Lower level space inspected at that time in anticipation of future request.

IV. Description of Findings and Conclusions

There are two exits directly to the outside from the lower level which exceeds that AFC licensing rule that there be at least one exit when residents consistently utilize a lower level of a facility. The existing common space on the main level of the facility already exceeds the minimum requirement of 35 sq. ft. of living space for each resident.

V. Recommendation

I recommend that residents utilize the lower level of the facility, as requested.
