## II. Purpose of Addendum

Addition of three bedrooms and a salon to the facility.

## III. Methodology

On February 11, 2016 the licensee requested a modification of the original license for the addition of three bedrooms and salon to the facility. An onsite inspection of the facility was completed on February 11, 2016.

## IV. Description of Findings and Conclusions

The facility was originally licensed for 20 residents. The addition is located on the south end of the facility. The addition consists of three resident bedrooms, a salon and a mechanical room. Each resident bedroom has at least one window, a closet, and a bathroom. The bathrooms have a sink and a toilet. Bedroom #1 in the addition has the dimensions 16'6" x 21' and 349 square feet. Bedroom #2 in the addition has the dimensions 16' x 21' and 336 square feet. Bedroom #3 in the addition has the dimensions 16 x 21' and 336 square feet. The salon in the addition has the dimensions 12'6" x 21' and 265 square feet. Each room has an exit door and window. The addition has an emergency exit that will be equipped with a wheelchair accessible ramp.

## V. Recommendation

I recommend the original license be amended and the facility capacity will continue to be 20 residents.
