II. Purpose of Addendum

The purpose of this addendum is to determine if the East bedroom of this facility is suitable to accommodate two residents. It is currently licensed for one resident but the licensee wants to increase the capacity to accommodate two residents.

III. Methodology

September 28, 2017	Inspection completed onsite
December 5, 2017	Email received from licensee
December 13, 2017	Modify terms

IV. Description of Findings and Conclusions

On 9/28/17, I conducted an onsite inspection of this facility. I measured the East bedroom and found it to have 151 square feet of usable floor space. In addition, I found the bedroom to meet all of the requirements to accommodate two residents.
