**II. Purpose of Addendum**

The purpose of this addendum is to determine if the East bedroom of this facility is suitable to accommodate two residents. It is currently licensed for one resident. Furthermore, the licensee wants to increase her licensed capacity from her current (3) three residents to (4) residents.

**III. Methodology**

01/03/2018	Contact—Document Received Email from licensee requesting modification

**IV. Description of Findings and Conclusions**

On 02/14/18, I conducted an onsite inspection of this facility. I measured the East bedroom and found it to have 142 sq. feet of usable floor space. This exceeds the requirement of 65 sq. feet of usable floor space per resident in a double occupancy bedroom. In addition, the bedroom meets all of the requirements to accommodate two residents.
