II. Purpose of Addendum

The licensee would like a change in the use of space regarding two of the facility's bedrooms. The licensee would like to switch bedroom #1 (located on the main level of the facility, near the kitchen) and the staff bedroom (located on the main floor, next to the full size bathroom). The staff bedroom will become bedroom # 1 to be used as a resident bedroom. Bedroom #1 was measured and is 11'4" X 10'9", which amounts to 122 of square footage. In addition, Bedroom #1 has a window as well as a door with nonlocking against egress hardware and is in compliance with all requirements pertaining to resident bedrooms. There will be no change in capacity.

III. Methodology

10/12/2017-Onsite inspection
2/1/2017-Received request for use of space change

IV. Description of Findings and Conclusions

The onsite inspection demonstrated that the facility is able to accommodate the change in the use of space. Bedroom #1 measured 11'4" X 10'9", totaling 122 square feet. Bedroom #1 will be occupied by one resident.
