III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Physical Description of Facility

The Ohanna II Adult Foster Care home is a ranch style home located in the rural countryside of eastern Wexford County. The home has two private resident bedrooms, two double occupancy resident bedrooms, one of which has a private full bathroom, a large living room, dining room, laundry and kitchen. Two additional full resident bathrooms are located on the main floor. The home is not wheelchair accessible as it does have two approved means of egress from the first floor.

The furnace and hot water heater are located in the basement with a 1-3/4 inch solid core door equipped with an automatic self-closing device and positive latching hardware located at top/bottom of stairs. The facility is equipped with interconnected, hardwire smoke detection system, with battery backup, which was installed by a licensed electrician and is fully operational.

On April 30, 2018, the home was inspected by the District Health Department #10, Wexford County Health Department, who determined that the home is in substantial compliance with applicable rules pertaining to water supply and sewage disposal.

Resident bedrooms were measured during the on-site inspection and have the following dimensions:

Bedroom #	Room Dimensions	Total Usable Square Footage	Total Resident Beds
1	11'8"X11'6"	134	Up to 2
2	10'8"X11'2"	114	1
3	14'X13'6"	173	Up to 2
4	10'2"X14'2"	135	Up to 2

The living, dining, and sitting room areas measure a total of 225 square feet of living space. This exceeds the minimum of 35 square feet per resident requirement.
