III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Physical Description of Facility

The facility is a single-story ranch-style home with a brick exterior located in a residential area of similarly constructed homes on the southeast side of the city of Grand Rapids. The main floor consists of living and dining rooms, kitchen with eating area, three resident bedrooms, one full and one ½ bathroom, and a laundry room. The lower level of the facility has staff living areas and is not approved for resident use. The facility has a ramp at each of the two approved means of egress so it is wheelchair accessible. The facility utilizes public water and sewer systems.

The gas furnace and hot water heater are located in the lower level of the facility. Floor separation is achieved with a fire rated door equipped with an automatic self-closing device and positive latching hardware, located at the top of the stairs. The facility is equipped with an interconnected, hardwired smoke detection system with battery back-up, installed by a licensed electrician and is fully operational.

Resident bedrooms were measured during the on-site inspection and have the following dimensions:

Bedroom #	Room Dimensions	Total Square Footage	Total Resident Beds
1	11'2" x 12'9"	163	2
2	15'10" x 11'2"	162	2
3	12'8" x 16	202	2

The living and dining and room areas measure a total of 662 square feet of living space. This exceeds the minimum of 35 square feet per occupant requirement.

Based on the above information, it is concluded that this facility can accommodate **six** residents. It is the licensee's responsibility not to exceed the facility's licensed capacity.

The facility was previously licensed as Endless Compassion, License #AS410370829.

B. Program Description

Admission and discharge policies, program statement, refund policy, personnel policies, and standard procedures for the facility were reviewed and accepted as written. The applicant intends to provide 24-hour supervision, protection and personal care to **six** (6) male or female adults whose diagnosis is developmentally disabled, mentally impaired, aged and/or physically handicapped in the least restrictive environment possible. The program will include social interaction skills, personal hygiene, personal adjustment skills, and public safety skills. A personal behavior support plan will be designed and implemented for each resident's social and behavioral developmental needs. The applicant intends to accept residents from Kent County DHHS, network 180, or private pay individuals as a referral source.

If required, behavioral intervention and crisis intervention programs will be developed as identified in the assessment plan. These programs shall be implemented only by trained staff, and only with the prior approval of the resident, guardian, and the responsible agency.

The licensee will assure the availability of transportation for program and medical needs. The facility will make provision for a variety of leisure and recreational equipment.
