II. Purpose of Addendum

Resident bedroom added to the facility. This will not change the capacity of the facility but will change the number of residents in each room as this newly proposed room accommodates two (2) residents.

III. Methodology

On 02/05/2018, Licensee Designee, Kevin Kalinowski provided documentation by way of a floor plan showing the addition of a room in the facility that will be another resident bedroom. The proposed floor plan change for the Lakeview home consists of erecting two interior walls and some minor electrical work in the already existing resident living room area of the facility.

IV. Description of Findings and Conclusions

On 02/07/2018, Fire Marshall, Randy Lankford sent an email stating the plans must go through Plan Review for approval.

On 02/06/2018, AFC Licensing Area Manager, Jerry Hendrick sent an email stating because this is a "major" renovation impacting the resident living area, the submission of plans for review is necessary.

On 02/27/2018, a BCAL 1712 was printed out and submitted for the remodeling/addition/conversion for this facility.

On 03/16/2018, I received a project approval letter submitted to Brian Byelich, Plan Reviewer by applicant, Robert Vagnieres, architect. Also included is a document entitled, Plan Review/Documentation, Fire Alarm system installation-new smoke detector, signed by Brian Byelich.

Fire Inspection Reports dated 04/24/2018, 07/13/2018 and 08/13/2018 gave fire approval to the facility.

On 08/24/2018, I saw and measured the new room. The new bedroom measures at 14.58X10.50=153.09 square foot of bedroom space. This will accommodate two (2) residents. The door on the bedroom is NLAE (non-locking against egress).

V. Recommendation

The bedroom was approved through Plan Review and BFS (Bureau of Fire Services) therefore, the addition of this room to the number of bedrooms in the facility should be added. This bedroom accommodates two (2) residents. The addition of this room does not change the capacity of this facility. The capacity remains at 12 residents.
