II. Purpose of Addendum

The purpose of this addendum is to document renovations that the licensee has made to the home, which will increase the total capacity of available residents in the home. Licensee, Lena Redmond, has added a new wall and door on the lower level of the home, which has made one additional resident bedroom.

III. Methodology

Spoke to licensee regarding possible renovations to the home.

08/16/2021 Inspection Completed On-site

IV. Description of Findings and Conclusions

A fourth resident bedroom was added to the lower level of the home. The dimensions of that room are as follows:

10' x 24' 2" = 242 square feet.

This bedroom has enough square footage to house two residents; therefore, the capacity of this home has increased from 3 to 5 residents.
