II. Purpose of Addendum

On 03/15/2022, licensee designee Jamie Hoeberling submitted a modification requesting the terms of his medium adult foster care license be amended to reflect that he is able and willing to care for residents who are 18 years of age and older who have mental illness.

III. Methodology

On 03/15/2022, I licensee designee Jamie Hoeberling requested that the terms of his medium adult foster care license be amended to reflect that he is able and willing to care for residents who are 18 years of age and older who have mental illness. On 03/15/2022, I talked with licensee designee Jamie Hoeberling who reported he is currently the licensee designee for a licensed AFC facility that serves individuals 18 years of age and older with mental illness and has done so since 09/25/2019.

IV. Description of Findings and Conclusions

On 03/15/2021, I talked with licensee designee Jamie Hoeberling who understood and agreed that it is his responsibility to assess residents upon admission and ensure that residents are compatible prior to admission. Additionally, Jamie Hoeberling agreed not exceed the licensed capacity of 12 residents at any time.

On 03/30/2022, I reviewed the Bureau Information Tracking System and reviewed the facilities that Jamie Hoeberling is the licensee designee for and it documented that one of those facilities was granted a modification on 09/25/2019 to add mental illness to the license and the age range was lowered to 18. Consequently, he has provided at least one year of experience to this population group.

V. Recommendation

I recommend that the residents age be lowered to 18 and mental illness be added as a program type to the license.
