### III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

**MCL 400.734b**      **Employing or contracting with certain employees providing direct services to residents; prohibitions; criminal history check; exemptions; written consent and identification; conditional employment; use of criminal history record information; disclosure; failure to conduct criminal history check; automated fingerprint identification system database; report to legislature; costs; definitions.**

**(2) Except as otherwise provided in this subsection or subsection (6), an adult foster care facility shall not employ or independently contract with an individual who has direct access to residents until the adult foster care facility or staffing agency has conducted a criminal history check in compliance with this section or has received criminal history record information in compliance with subsections (3) and (11). This subsection and subsection (1) do not apply to an individual who is employed by or under contract to an adult foster care facility before April 1, 2006. On or before April 1, 2011, an individual who is exempt under this subsection and who has not been the subject of a criminal history check conducted in compliance with this section shall provide the department of state police a set of fingerprints and the department of state police shall input those fingerprints into the automated fingerprint identification system database established under subsection (14). An individual who is exempt under this subsection is not limited to working within the adult foster care facility with which he or she is employed by or under independent contract with on April 1, 2006 but may transfer to another adult foster care facility, mental health facility, or covered health facility. If an individual who is exempt under this subsection is subsequently convicted of a crime or offense described under subsection (1)(a) to (g) or found to be the subject of a substantiated finding described under subsection (1)(i) or an order or disposition described under subsection (1)(h), or is found to have been convicted of a relevant crime described under 42 USC 1320a-7(a), he or she is no longer exempt and shall be terminated from employment or denied employment.**

**FINDING:** I reviewed five direct care staff files during the inspection and none of the staff had Workforce Background Checks deeming them eligible to work in Spruce Cottage, despite the licensee having eligibility letters indicating background checks had been completed for the staff, but for a neighboring facility.

Even if a licensee has several facilities, each facility must be able to provide an eligibility letter from the Workforce Background Check stating the direct care staff is eligible to work in that **specific** facility.

**R 400.14402            Food service.**

**(3) All perishable food shall be stored at temperatures that will protect against spoilage. All potentially hazardous food shall be kept at safe temperatures. This means that all cold foods are to be kept cold, 40 degrees Fahrenheit or below, and that all hot foods are to be kept hot, 140 degrees Fahrenheit or above, except during periods that are necessary for preparation and service. Refrigerators and freezers shall be equipped with approved thermometers.**

**FINDING:** During my inspection, there were no thermometers in the facility's refrigerator or freezer. At the conclusion of the inspection, the facility's home manager, Amber Ely-Costa, retrieved a thermometer from the licensee's main office, which she indicated she would immediately put in the refrigerator and freezer.

**R 400.14403            Maintenance of premises.**

**(5) Floors, walls, and ceilings shall be finished so as to be easily cleanable and shall be kept clean and in good repair.**

**FINDING:** Resident A's bedroom walls were visibly dirty, discolored and stained. Resident A's baseboard had visible dirt. His floor was sticky and visibly dirty.

#### IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan, renewal of the license and specialized certification, are recommended.
