### III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

<b>R 400.14403</b>	<b>Maintenance of premises.</b>
	(1) A home shall be constructed, arranged, and maintained to provide adequately for the health, safety, and well-being of occupants.

During the onsite inspection, the egress door in the hallway was difficult to open due to wear and tear. The caulk around the toilet in bathroom #2 was worn. The faucets in the bathrooms and kitchen needed replacement.

A corrective action plan was requested and approved on 05/25/2023. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

### IV. RECOMMENDATION
