III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

R 400.14301 **Resident admission criteria; resident assessment plan; emergency admission; resident care agreement; physician's instructions; health care appraisal.**

(10) At the time of the resident's admission to the home, a licensee shall require that the resident or the resident's designated representative provide a written health care appraisal that is completed within the 90-day period before the resident's admission to the home. A written health care appraisal shall be completed at least annually. If a written health care appraisal is not available at the time of an emergency admission, a licensee shall require that the appraisal be obtained not later than 30 days after admission. A department health care appraisal form shall be used unless prior authorization for a substitute form has been granted, in writing, by the department.

Findings: Resident A's Health Care Appraisal was overdue.

A corrective action plan was requested and approved on 06/20/2023. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license and special certification.

IV. RECOMMENDATION

An acceptable corrective action plan has been received. Renewal of the license is recommended.
