RE: License #: AS250015933
Andrews & Johnson Inc
5102 W. Pierson Road
Flint, MI 48504

Dear Ms. Johnson:

Attached is the Renewal Licensing Study Report for the facility referenced above. You have submitted an acceptable written corrective action plan addressing the violations cited in the report. To verify your implementation and compliance with this corrective action plan:

- You are to submit documentation of compliance.

The study has determined substantial compliance with applicable licensing statutes and administrative rules. Therefore, your license and special certification is renewed. It is valid only at your present address and is nontransferable.

Please contact me with any questions. In the event that I am not available, and you need to speak to someone immediately, you may contact the local office at (517) 643-7960.

Sincerely,

A handwritten signature in cursive script that reads "C. Garza".

Christina Garza, Licensing Consultant

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

R 400.14205 Health of a licensee, direct care staff, administrator, other employees, those volunteers under the direction of the licensee, and members of the household.

(4) A licensee shall provide the department with written evidence that he or she and the administrator have been tested for communicable tuberculosis and that if the disease is present, appropriate precautions shall be taken. The results of subsequent testing shall be verified every 3 years thereafter.

At time of inspection, there was no written evidence that the licensee designee and administrator was tested for communicable tuberculosis within the last 3 years.

R 400.14208 Direct care staff and employee records.

**(1) A licensee shall maintain a record for each employee. The record shall contain all of the following employee information:
(f) Verification of reference checks.**

At time of inspection, there was no verification of reference checks for at least one employee.

R 400.14401 Environmental health.

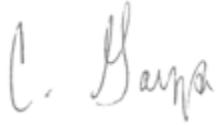

(2) Hot and cold running water that is under pressure shall be provided. A licensee shall maintain the hot water temperature for a resident's use at a range of 105 degrees Fahrenheit to 120 degrees Fahrenheit at the faucet.

At time of inspection, hot water temperature measured to be more than 120 degrees Fahrenheit.

A corrective action plan was requested and approved on 08/18/2023. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license and special certification.

IV. RECOMMENDATION

An acceptable corrective action plan has been received. Renewal of the license is recommended.
