RE: License #: AH130236857
NorthPointe Woods Assisted Living
700 North Avenue
Battle Creek, MI 49017

Dear Licensee:

Attached is the Addendum to the Original Licensing Study Report for the above referenced facility.

Please review the enclosed documentation for accuracy and contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (517) 241-1970.

Sincerely,

A handwritten signature in blue ink that reads "Lauren Wohlfert".

ADDENDUM TO ORIGINAL LICENSING STUDY REPORT**

I. IDENTIFYING INFORMATION

License #:	AH130236857
Licensee Name:	NorthPointe Woods
Licensee Address:	700 North Avenue Battle Creek, MI 49017
Licensee Telephone #:	(616) 964-7625
Authorized Representative/ Administrator:	Laurie Cook
Name of Facility:	NorthPointe Woods Assisted Living
Facility Address:	700 North Avenue Battle Creek, MI 49017
Facility Telephone #:	(269) 964-7625
Capacity:	66
Program Type:	AGED ALZHEIMERS

II. Purpose of Addendum

The purpose of this addendum is to document a decrease in licensed bed capacity to accommodate the newly renovated 16 bed memory care unit. One double occupancy resident room in the new 16 bed memory care unit was converted into activity space, therefore the facility requested to decrease their overall licensed bed capacity by two. The facility requested to be licensed for 64 beds.

III. Methodology

On 12/14/23, I completed an onsite inspection at the facility, specifically observing the newly converted memory care unit wing. The former wing was converted from a general assisted living space to a secured memory care unit.

On 12/12/23, Health Facilities Engineering Section (HFES) completed their survey inspection. HFES granted occupancy approval for the memory care unit on 12/13/23.

On 6/28/23, Bureau of Fire Services (BFS) granted full fire safety approval.

IV. Description of Findings and Conclusions

Northpointe Woods Assisted Living is a single-story building. The newly renovated memory care unit is comprised of ten studio style single occupancy rooms, 3 one-bedroom double occupancy rooms, a dining room, an activity area, a nurse's station, and therapy room.

The studio style rooms are equipped with pull cords in the bathroom and living/bedroom area. The studio style rooms have a full bathroom that includes an ADA accessible shower. The one-bedroom rooms are equipped with pull cords in the bathroom, living area, and in the bedroom. The one-bedroom rooms have a full bathroom that includes an ADA accessible shower. The one-bedroom rooms also have a sink and cabinetry in the entryway of the room. Every resident room has an individual thermostat to control the temperature in the room.

Use of a frequency operated button (FOB) is required to gain access into the secured memory care unit. There is a gated courtyard off the activity room that requires the use of a FOB key to access. Staff will have a FOB key to unlock the secured door to allow residents to go into the gated courtyard and monitor their whereabouts.

V. Recommendation

I recommend the facility's licensed capacity be reduced to 64.
