RE: License #: AS400066153
Arborlight
403 Arbor Street
Kalkaska, MI 49646

Dear Deborah Daly:

Attached is the Renewal Licensing Study Report for the facility referenced above. You have submitted an acceptable written corrective action plan addressing the violations cited in the report. To verify your implementation and compliance with this corrective action plan:

- An on-site inspection will be conducted.

The study has determined substantial compliance with applicable licensing statutes and administrative rules. Therefore, your license and special certification is renewed. It is valid only at your present address and is nontransferable.

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (616) 356-0183.

Sincerely,

A handwritten signature in blue ink that reads "Bruce A. Messer".

Bruce A. Messer, Licensing Consultant

- Corrective action plan compliance verified? Yes CAP date/s and rule/s: N/A
- Number of excluded employees followed-up? N/A
- Variances? Yes (please explain) No N/A

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

R 330.1803

Facility environment; fire safety.

(6) Evacuation assessments shall be conducted within 30 days after the admission of each new client and at least annually thereafter. The specialized program shall forward a copy of each completed assessment to the responsible agency and retain a copy in the home for inspection. A home that is assessed as having an evacuation difficulty index of "impractical" using appendix f of the life safety code of the national fire protection association shall have a period of 6 months from the date of the finding to do either of the following:
(a) Improve the score to at least the "slow" category.

During the course of the on-site inspection, it was noted that the Licensee failed to complete an updated evacuation assessment following the admission of a new resident on July 31, 2023.

R 400.14301

Resident admission criteria; resident assessment plan; emergency admission; resident care agreement; physician's instructions; health care appraisal.

(10) At the time of the resident's admission to the home, a licensee shall require that the resident or the resident's designated representative provide a written health care appraisal that is completed within the 90-day period before the resident's admission to the home. A written health care appraisal shall be completed at least annually. If a written health care appraisal is not available at the time of an emergency admission, a licensee shall require that the appraisal be obtained not later than 30 days after admission. A department health care appraisal form shall be used unless prior authorization for a substitute form has been granted, in writing, by the department.

During the course of the on-site renewal inspection, it was noted that the Licensee failed to obtain a written health care appraisal at the time of a non-emergency admission of a new facility resident.

On January 4, 2024, I provided Licensee Designee Deborah Daly with an exit conference. I explained my findings as noted above. Ms. Daly noted she understood, had no further information to provide, and no further questions pertaining to this renewal inspection.

A corrective action plan was requested, obtained from Administrator Angela Potter, and approved on 01/03/2024. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license and special certification.

IV. RECOMMENDATION

An acceptable corrective action plan has been received. Renewal of the license is recommended.
