ALLEGATION: Resident A's forehead was bruised when staff were transferring him.

INVESTIGATION:

APS and ORR referrals were received.

On 2/20/2024, I interviewed staff Christina Cooper. She stated that Resident A is wheelchair bound and staff use a Hoyer lift to get him out of bed and into his wheelchair. She stated that on 1/18/2024, when she was getting him out of bed, she accidentally hit his forehead above his left eye on the bedrail which resulted in a large bruise. She said there were no witnesses.

On 2/20/2024, I interviewed area manager Wanda Hall. She sent photos of Resident A's bruised forehead taken after the incident. The photos showed a bruise a quarter

to half dollar size, skin break and abrasion. She stated Resident A was taken to the hospital, treated, and released back to the facility.

On 2/20/2024, I interviewed Resident A's guardian. She stated she is satisfied with his placement and that he likes living there.

On 2/21/2024, I interviewed Resident A. He stated he did not want to talk about the incident. I witnessed his forehead which looks like it has almost completely healed.

On 2/21/2024, I conducted an exit conference with the licensee designee.

	(3) A resident shall be treated with dignity and his or her personal needs, including protection and safety, shall be attended to at all times in accordance with the provisions of the act.
ANALYSIS:	Although staff Christina Copper was credible and her actions may have been unintentional, Resident A was still injured by her actions, Therefore, Resident A was not treated with dignity and his personal needs, including protection and safety, were not attended to at all times in accordance with the provisions of the act.
CONCLUSION:	VIOLATION ESTABLISHED

IV. RECOMMENDATION
