II. Purpose of Addendum

The purpose of this addendum is to change the water source of this facility from private well to municipal water through Flint Township.

III. Methodology

05/03/2024	Contact – Telephone call made I spoke to the licensee designee, Michael Maurice
05/07/2024	Contact – Document received I received documentation from LD Maurice
06/07/2024	Comment I reviewed documentation from Flint Township regarding the municipal water supply
06/07/2024	Modify Terms

IV. Description of Findings and Conclusions

On 05/03/24, I spoke to the licensee designee (LD), Michael Maurice. He told me that this facility has always had a private water source i.e. a well. LD Maurice stated that he has worked with Flint Township to have the facility added to the township’s municipal water source.

On 06/07/24, I reviewed documentation from the Genesee County Drain Commissioner’s Office, Division of Water & Waste Services. Sugarbush House AFC was granted a Connection Permit B: #B-89312 on 04/24/24. I also reviewed a document from Charter Township of Flint, Sewer & Water Department dated 04/23/24. According to this document, Sugarbush House AFC now has a residential water source connection through Flint Township. The public water & sewer line has been certified by Genesee County Water and Waste Services.

V. Recommendation

I recommend that the terms of this license be changed from a private well to municipal/public water through Flint Township.
