RE: License #: AH500401685
Hampton Manor of Clinton
18401 15 Mile Road
Clinton Twp., MI 48433

Dear Mr. Imran:

Attached is the Renewal Licensing Study Report for the facility referenced above. The violations cited in the report require the submission of a written corrective action plan. The corrective action plan is due 15 days from the date of this letter and must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific dates for each violation as to when the correction will be completed or implemented.
- How continuing compliance will be maintained once compliance is achieved.
- The signature of the licensee or licensee designee or home for the aged authorized representative and a date.

Upon receipt of an acceptable corrective action plan, a regular license will be issued. If you fail to submit an acceptable corrective action plan, disciplinary action will result.

Please review the enclosed documentation for accuracy and contact me with any questions. In the event that I am not available, and you need to speak to someone immediately, please feel free to contact the local office at (517) 284-9730.

Sincerely,

Brender Howard, Licensing Staff

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following administrative rules regulating home for the aged facilities:	
R 325.1921	Governing bodies, administrators, and supervisors.
	<p>(1) The owner, operator, and governing body of a home shall do all of the following:</p> <p>(a) Assume full legal responsibility for the overall conduct and operation of the home.</p>
During the onsite, Resident A, Resident B, Resident C, Resident D and Resident E's medical chart were reviewed which included the review of their service plans. None of the service plan was signed by the resident or the POAs.	
R 325.1921	Governing bodies, administrators, and supervisors.
	<p>(1) The owner, operator, and governing body of a home shall do all of the following:</p> <p>(b) Assure that the home maintains an organized program to provide room and board, protection, supervision, assistance, and supervised personal care for its residents.</p>
<p>The owner, operator, governing body did not assure that the home maintains an organized program to provide room and board, protection, supervision, assistance, and supervised personal care for its residents as evidenced by the following:</p> <p>At the time of my inspection, a resident had device affixed to the bed frame. Resident A had a bed rail assist bar. This device had a gapping large enough for a limb to slip through causing an entrapment zone. Additionally, it was observed that that the bed assist device were loose and shook easily.</p> <p>Resident A's service plans lacked any information about the use of the device, nor is there any specific staff training for the use of this assistive device on or about the bed. While onsite, facility was unable to produce any physician's order for the bed rail.</p> <p>Upon inspection, it was discovered that the distance between the slats (horizontal or vertical supports between the perimeter of the bed rails) is large enough for a hand/foot or limb to fit through and cause possible entangling/entrapment. The facility had no manufacturer's guidelines for proper installation and use of the bed device in the resident's record.</p>	

R 325.1932	Resident's medications.
	<p>(3) Staff who supervise the administration of medication for residents who do not self-administer shall comply with all of the following:</p> <p>(b) Complete an individual medication log that contains all of the following information:</p> <p>(v) The initials of the individual who administered the prescribed medication.</p>
The medication count sheet was not always signed or initialed.	
R 325.1979	General maintenance and storage.
	(3) Hazardous and toxic materials shall be stored in a safe manner.
There were five free standing oxygen tanks stored in a resident's room.	

IV. RECOMMENDATION

Contingent upon approval of an acceptable corrective action plan and receipt of annual fee and application fee payments, renewal of the license is recommended.
