II. Purpose of Addendum

The purpose of this addendum is to increase the licensing capacity from four to five.

III. Methodology

6/27/24 – I received a verbal request from the licensee at the renewal inspection requested to increase the capacity of the home from four to five.

6/27/24 – An onsite inspection was conducted at the home.

IV. Description of Findings and Conclusions

An onsite inspection was completed on 6/27/24. The licensee would like to utilize a finished bedroom located in their finished basement within their home. The bedroom is equipped with an egress window that has a ladder in case of an emergency. The licensee has agreed to not have any resident that requires the use of ambulatory devices located in the basement.

The bedroom is furnished with a full bed and appropriate furnishings.

The additional bedroom was measured to be 151.5 sq. ft.

V. Recommendation

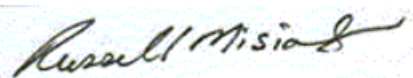

It is recommended that the home be licensed for a capacity of five individuals.
