III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:	
R 400.14204	Direct care staff; qualifications and training.
	(2) Direct care staff shall possess all of the following qualifications: (a) Be suitable to meet the physical, emotional, intellectual, and social needs of each resident.
At the time of my inspection, I noted that two employees did not have documentation that they have been fingerprinted through the workforce background check site. All employees must have valid fingerprints and documentation kept in their employee file.	
R 400.14301	Resident admission criteria; resident assessment plan; emergency admission; resident care agreement; physician's instructions; health care appraisal.
	(10) At the time of the resident's admission to the home, a licensee shall require that the resident or the resident's designated representative provide a written health care appraisal that is completed within the 90-day period before the resident's admission to the home. A written health care appraisal shall be completed at least annually. If a written health care appraisal is not available at the time of an emergency admission, a licensee shall require that the appraisal be obtained not later than 30 days after admission. A department health care appraisal form shall be used unless prior authorization for a substitute form has been granted, in writing, by the department.
At the time of my inspection, I noted that Resident A's health care appraisal was dated 03/05/23. All resident health care appraisals must be completed annually or more often if necessary.	
R 400.14312	Resident medications.
	(1) Prescription medication, including dietary supplements, or individual special medical procedures shall be given, taken, or applied only as prescribed by a licensed physician or dentist. Prescription medication shall be kept in the original pharmacy-supplied container, which shall be labeled for the specified resident in accordance with the requirements of Act

	No. 368 of the Public Acts of 1978, as amended, being S333.1101 et seq. of the Michigan Compiled Laws, kept with the equipment to administer it in a locked cabinet or drawer, and refrigerated if required.
At the time of my inspection, I noted that some of the prescription medication that was being kept in the refrigerator was not in a locked container. All prescription medications must be kept in a locked container and refrigerated if necessary.	

IV. RECOMMENDATION
