Dear Ms Uwazurike:

Attached is the Renewal Licensing Study Report for the facility referenced above. You have submitted an acceptable written corrective action plan addressing the violations cited in the report. To verify your implementation and compliance with this corrective action plan:

- An on-site inspection will be conducted during the next renewal inspection.

A six-month provisional license is recommended. If you do not contest the issuance of a provisional license, you must indicate so in writing; this may be included in your corrective action plan or in a separate document. If you contest the issuance of a provisional license, you must notify this office in writing and an administrative hearing will be scheduled.

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (313) 456-0380.

Sincerely,

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

MCL 400.717 Provisional license

(1) A provisional license may be issued to an adult foster care facility that has previously held a temporary or regular license under this act or an act repealed by this act. A provisional license may be issued for 6 months if an adult foster care facility is temporarily unable to conform to the requirements of this act for a regular license and may be renewed not more than 2 consecutive times as provided in subsections (2) and (4). The issuance of a provisional license shall be contingent upon the submission to the department of an acceptable plan of correction for the adult foster care facility within the time limitations of the provisional period.

No residents were admitted during the initial, temporary, license. Therefore, I was unable to assess quality of care for residents.

A corrective action plan was requested and approved on 07/19/2024. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

IV. RECOMMENDATION

An acceptable corrective action plan has been received. I recommend modification of the current status of the license to provisional.
