ALLEGATION:

Resident A eloped from the facility.

INVESTIGATION:

Resident A was not interviewed as she is currently hospitalized as a consequence of this elopement and her reported reasons, i.e., stepping in front of an automobile to hurt herself.

An APS referral was received and the APS worker noted that on 2/1/2025 Resident A left her room and ran into the road (around 1:00am).

On 2/11/2025, I interviewed Resident A's guardian. She stated that she is very pleased with Resident A's placement at the Eisenhower Center and has no intention

of moving her to another placement. She stated that Resident A will look for times when the staff are preoccupied with other tasks to attempt to elope from the facility.

On 2/11/2025, I interviewed Daniel Bogosian and we reviewed Resident A's IPOS and the incident report dated 2/2/2025, written by direct care staff Shatonla Hurt. He stated that Resident A does not have a behavior plan since she does not attempt to elope on any consistent basis. Also, he said that Resident A has a 1:1 staff from 7:30am-11:30pm, with 15 minute checks, but Resident A does not have a 1:1 staff from 11:30pm-7:30am. On the incident report, dated 2/2/2025 @ 1:00am, direct care staff Shatonla Hurt described that while she was assisting another resident, Resident A left the building unsupervised. She estimated that Resident A returned to the facility about 10 minutes later. She stated that Resident A told her she left the building because she was hearing voices and wanted to hurt herself by getting hit by a car. Shatonla Hurt stated that she did not witness Resident A's elopement or fall, but that Resident A stated that after she fell, she got up and came back to the facility. Finally, Shatonla Hurt stated that the other staff member working was Daria King.

On 2/11/2025 and 2/12/2025, I telephoned Shatonla Hurt but she did not return my calls.

On 2/11/2025, I interviewed staff Daria King. She stated that she did not witness Resident A's elopement or fall, but did transport her to the emergency room because she tried to kill herself and she fell outside and had lacerations on her knees and head.

On 2/11/2025, I telephoned Ratiba Bouchatra. She could not be contacted because her phone does not work.

On 2/11/2025, I conducted an exit conference with Daniel Bogosian.

APPLICABLE RULE	
R 400.15305	**Resident protection.**
	(3) A resident shall be treated with dignity and his or her personal needs, including protection and safety, shall be attended to at all times in accordance with the provisions of the act.

ANALYSIS:	Since Resident A does not have a 1:1 staff during the overnight shift nor timely checks to monitor her whereabouts, she was able to elope from the facility unnoticed by staff and not found until she returned injured from a fall. Therefore, Resident A was not treated with dignity and her personal needs, including protection and safety, were not attended to at all times in accordance with the provisions of the act.
CONCLUSION:	**VIOLATION ESTABLISHED**

IV. RECOMMENDATION

Contingent upon the receipt of an acceptable corrective action plan, I recommend no change in the license status.
