(10) At the time of the resident's admission to the home, a licensee shall require that the resident or the resident's designated representative provide a written health care appraisal that is completed within the 90-day period before the resident's admission to the home. A written health care appraisal shall be completed at least annually. If a written health care appraisal is not available at the time of an emergency admission, a licensee shall require that the appraisal be obtained not later than 30 days after admission. A department health care appraisal form shall be used unless prior authorization for a substitute form has been granted, in writing, by the department.
