ALLEGATION:

Resident A is being abused by the home manager, Janice. Janice poked Resident A in the head, shoved into her room, and once pushed her out of the kitchen.

INVESTIGATION:

On 04/03/2025, I made a telephone call to Laneisha Steen, from Adult Protective Servicers, for Resident A's guardian's information.

On 04/03/2025, I made a telephone call to Wendy Junttonen, Resident A's guardian case manager from Guardian Care. She stated she was already aware of the allegations. She explained Resident A called and reported them to her yesterday. Wendy stated after they got off the phone, Resident A called back and recanted. She told Wendy the manager was a good person and that she did not want to be moved from the facility. Resident A also said she only had an issue with one person, but did not mention who. Wendy did not report any concerns with the facility.

On 04/07/2025, I conducted an onsite inspection at the facility and interviewed Resident A. She stated she made the allegations up and that everything she said was a lie. She stated she was mad at Janice because staff would not give her any pop and wanted to get her in trouble. Resident A denied having a problem with anyone at the facility.

During the onsite inspection on 04/07/2025, I interviewed staff, Mesa Carter. He stated no one was mistreating Resident A. He indicated Resident A makes things up if she does not get her way. Mesa explained Resident A was upset about staff not giving her some pop, so she called her guardian and complained about being mistreated. Mesa stated they have a doctor's order that requires them to limit and monitor Resident A's fluid intake.

On 04/08/2025, I made a telephone call to the licensee designee, Angella Hamm. She stated Resident A never complained to her about mistreatment from Janice or any of the other staff. She explained that Resident A got upset due to not being able to have pop. Janice told her she had to wait because she had reached her fluid intake for the day. She said Resident A called her guardian and complained about mistreatment. When Angella questioned her about it, she said she made up the allegations because she was mad at Janice. Angella further explained that Resident A has electrolyte problems, which causes her to go to the hospital a lot. Her medical doctor requires them to monitor her fluid intake. Angella also informed me Janice was currently in the hospital.

On 05/29/2025, I made a telephone call to the home manager, Janice Skinner. She denied the allegations. She stated Resident A lies when she does not get her way.

She explained Resident A has a sodium deficiency and her doctor only wants her to have 12 cc of fluid each day. She said Resident A got upset because she wanted some pop but could not have any because she had already exceeded her fluid intake, due to sneaking water in her room.

On 05/29/2025, I contacted Angella for an exit conference. I informed her of my investigative findings, which she agreed with.

APPLICABLE RULE	
R 400.14305	Resident protection.
	(3) A resident shall be treated with dignity and his or her personal needs, including protection and safety, shall be attended to at all times in accordance with the provisions of the act.
ANALYSIS:	Based on the information I obtained during this investigation, there is a lack of evidence to confirm the allegations. There is no indication Resident A was not treated with dignity and her protection and safety was not attended to. Everyone interviewed, including Resident A, denied the allegations.
CONCLUSION:	VIOLATION NOT ESTABLISHED

IV. RECOMMENDATION

I recommend the status of the license remains unchanged.
