III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was determined to be in substantial compliance with rules and requirements.

This facility was found to be in non-compliance with the following rules:

R 400.14208

Direct care staff and employee records.

(1) A licensee shall maintain a record for each employee. The record shall contain all of the following employee information:

(e) Verification of experience, education, and training.

At the time of inspection, staff C. Harris and C Whited employee record did not contain verification of education.

R 400.14403

Maintenance of premises.

(13) A yard area shall be kept reasonably free from all hazards, nuisances, refuse, and litter.

At the time of inspection, I observed the cemented driveway to be cracked, crumbling and not in good repair. There were areas where cement was no longer intact and could present a trip/fall hazard. The driveway needs to be repaired and maintained.

IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan, renewal of the license is recommended.
