RE: License #: AS820418914
Lakewood Home
873 Lakewood
Detroit, MI 48215

Dear Mrs. Carson:

Attached is the Renewal Licensing Study Report for the facility referenced above. The violations cited in the report require the submission of a written corrective action plan. The corrective action plan is due 15 days from the date of this letter and must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific dates for each violation as to when the correction will be completed or implemented.
- How continuing compliance will be maintained once compliance is achieved.
- The signature of the licensee or licensee designee or home for the aged, authorized representative and a date.

A six-month provisional license is recommended due to quality of care and physical plant violations. If you do not contest the issuance of a provisional license, you must indicate so in writing; this may be included in your corrective action plan or in a separate document. If you contest the issuance of a provisional license, you must notify this office in writing and an administrative hearing will be scheduled. Even if you contest the issuance of a provisional license, you must still submit an acceptable corrective action plan within 15 days.

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (313) 456-0439.

Sincerely,

A handwritten signature in cursive script that reads "Shatonla Daniel".

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

MCL 400.713 **License required; application; forms; investigation; on-site evaluation; issuance or renewal of license; disclosures; maximum number of persons; stating type of specialized program; issuance of license to specific person at specific location; transferability of license; sale of facility; notice; items of noncompliance; refusal by department to issue or renew license; conditions; unlicensed facility; violation as misdemeanor; penalty; receipt of completed application; issuance of license within certain time period; inspections; report; criminal history and records check; storage of fingerprints in automated fingerprint identification system database; convictions; "completed application" defined.**

(3) Before issuing or renewing a license, the department shall investigate the activities and standards of care of the applicant and shall make an on-site evaluation of the facility. On-site inspections conducted in response to the application may be conducted without prior notice to the applicant. On-site inspections conducted for renewing a license may be conducted within 12 months before the expiration date of the current license without impact on the license renewal date or the license fee. Subject to subsections (9), (10), and (11), the department shall issue or renew a license if satisfied as to all of the following:

(b) The applicant's compliance with this act and rules promulgated under this act.

During this renewal cycle, the licensee has not had residents nor employed staff in the facility. Therefore, the quality of care for residents could not be assessed for license renewal.

R 400.14403 **Maintenance of premises.**

(1) A home shall be constructed, arranged, and maintained to provide adequately for the health, safety, and well-being of occupants.

On 06/02/2025, licensee designee- Sheryl Carson stated the home suffered water damaged due to water pipe bursting. She further stated that the home needs to be repaired to receive residents at this time.
