(4) Fire drills shall be conducted 4 times a year. Two of the 4 required fire drills shall be conducted during sleeping hours. A record of the fire drills shall be incorporated with the evacuation plan.

At the time of inspection, two of the four required fire drills were not conducted during sleeping hours in 2024. In 2024, fire drills were conducted during the following:

- 3/14/2024 at 7:30 a.m.

At the time of inspection, Residents A and B resident funds part I was not available for department review.

07/23/2025, I completed an exit conference with Barbara Davis, Licensee regarding the findings including quality-of-care violations. I provided Ms. Davis with the opportunity to explain the deficiencies. Ms. Davis stated it was an honest mistake as she was administering medications prior to taking the residents to their scheduled appointments. She stated both residents are prescribed several medications, and 8:00 p.m. was initialed opposed to 8:00 a.m., she stated it was an oversight. She stated historically she has never had any violations. I explained that medications are significant as it pertains to quality-of-care and due to the violations cited in the report, a written corrective action plan is required, in which she agreed to submit.

#### IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan, renewal of the license is recommended.
