III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

MCL 400.713	License required; application; forms; investigation; on-site evaluation; issuance or renewal of license; disclosures; maximum number of persons; stating type of specialized program; issuance of license to specific person at specific location; transferability of license; sale of facility; notice; items of noncompliance; refusal by department to issue or renew license; conditions; unlicensed facility; violation as misdemeanor; penalty; receipt of completed application; issuance of license within certain time period; inspections; report; criminal history and records check; storage of fingerprints in automated fingerprint identification system database; convictions; "completed application" defined.
	(3) Before issuing or renewing a license, the department shall investigate the activities and standards of care of the applicant and shall make an on-site evaluation of the facility. On-site inspections conducted in response to the application may be conducted without prior notice to the applicant. On-site inspections conducted for renewing a license may be conducted within 12 months before the expiration date of the current license without impact on the license renewal date or the license fee. Subject to subsections (9), (10), and(11), the department shall issue or renew a license if satisfied as to all of the following: (e) The good moral character of the licensee or licensee designee, owner, partner, director, and person responsible for the daily operation of the facility. The applicant is responsible for assessing the good moral character of the employees of the facility. The person responsible for the daily operation of the facility shall be not less than 18 years of age.

Staff, Gretchen Judd, did not have a workforce background check for the Judges Court home. Ms. Judd's workforce background check was for the Brewer home which is closed.	
R 400.647	Safety and maintenance of premises.
	(1) A facility must be constructed, arranged, and maintained to provide adequately for the health, safety, and well-being of occupants.
During the onsite inspection, I observed that the cabinets in kitchen and laundry room were in poor condition. The kitchen cabinet near sink had rough exposed edges. The cabinet in laundry room had hole at bottom and was missing panel in front of laundry tub.	
R 400.675	Resident medications.
	(4) A licensee, administrator, or direct care staff shall comply with the following when supervising the taking of medication by a resident: (b) Complete an individual medication log that contains all of the following: (v) Initials of the individual who administered the medication at the time given.
I completed an onsite renewal inspection on 11/06/2025 at 11:00 am. During the onsite inspection, I observed that Resident A's 10:00 am medications were not initialed as given by staff. Staff reported that Resident A's morning medications were administered, however, the medication log had not yet been initialed. Medication logs should be initialed by staff at the time the medications are given.	

IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan, renewal of the license is recommended.
