## II. Purpose of Addendum

The purpose of this addendum is to convert a room that was previously used as a rehabilitation room to a resident bedroom with single occupancy. It will be resident bedroom #33. Room #14 which was previously licensed as double occupancy, will now be for single occupancy.

## III. Methodology

11/12/2025	I received a text message from Licensee Designee Jamie Beson.
11/13/2025	I spoke with LD Jamie Beson via phone.
11/20/2025	I conducted an on-site at the facility.
11/24/2025	I received photos of the furnished bedroom.

## IV. Description of Findings and Conclusions

On 11/12/2025, I received a text message from LD Jamie Beson inquiring about turning a rehabilitation room into a resident room.

On 11/13/2025, I spoke with LD Jamie Beson regarding the change. An on-site was scheduled to measure the room.

On 11/20/2025- I conducted an on-site at the facility. I measured the bedroom to be at the following measurements: 14 ft 6 in X 23 ft 5 in – 2ft X 5 ft 3in= 339.5 sq. ft. – 10.5 sq. ft.= 329 sq. ft.

Per LD Jamie Beson and the Original Licensing Study report dated 08/30/2024, Resident bedroom #14 was originally licensed as a double occupancy bedroom. Resident bedroom #14 will now be a single occupancy bedroom, and the former rehabilitation room, will be resident bedroom #33.

On 11/24/2025, I received photos of the resident bedroom #33, furnished. It is furnished with a bed, chair, dresser, wardrobe, two windows, and mirror. The bedroom door was observed to have a non-locking against egress door lock on 11/20/2025.

**V. Recommendation**

I recommend resident bedroom #33 be licensed as a single occupancy bedroom.  
Resident bedroom #14 will now be licensed as a single occupancy bedroom.
