RE: License #: AS250016020
Crossroads Home
7036 Bray Road
Mt Morris, MI 48458

Dear Anna Paige:

Attached is the Renewal Licensing Study Report for the facility referenced above. The violations cited in the report require the submission of a written corrective action plan. The corrective action plan is due 15 days from the date of this letter and must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific dates for each violation as to when the correction will be completed or implemented.
- How continuing compliance will be maintained once compliance is achieved.
- The signature of the licensee or licensee designee or home for the aged authorized representative and a date.

Upon receipt of an acceptable corrective plan, a regular license will be issued. If you fail to submit an acceptable corrective action plan, disciplinary action will result.

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 643-7960.

Sincerely,

A handwritten signature in cursive script that reads "C. Garza".

- Number of excluded employees followed-up? N/A
- Variances? Yes (please explain) No N/A

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

R 400.647 Safety and maintenance of premises.

(1) A facility must be constructed, arranged, and maintained to provide adequately for the health, safety, and well-being of occupants.

At time of inspection, bathroom door handle was broken and in need of repair. In the laundry room there was debris, lint, and old fabric softener sheets behind the dryer.

R 400.731 Flame-producing equipment; enclosures.

(2) Heating plants and other flame-producing equipment located on the same level as the residents must be enclosed in a room that is constructed of material that has a 1-hour-fire-resistance rating and has a door made of 1-3/4-inch solid core wood. The door must be hung in a fully stopped wood or steel frame and must be equipped with an automatic self-closing device and positive-latching hardware.

At time of inspection, door to heating plant located on the first floor did not self close.

IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan, renewal of the license is recommended.
