RE: License #: AS590419598
NEW DAWN AFC
8815 HEBERT DR
GREENVILLE, MI 48838

Dear Mr. Desire:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your facility on 03/05/2026. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for an Adult Foster Care small group home.

The violations that were found are:

R 400.629 **Direct care staff; qualifications and training.**

(5) A licensee or administrator shall provide in-service training or make training available through other sources to direct care staff. Direct care staff shall be trained and competent in all of the following areas before performing assigned tasks independently:

(c) Cardiopulmonary resuscitation, which includes a hands-on demonstration as part of the training.

At the time of inspection, direct care workers Prince Kimoverungu and Audrey Keza did not have Cardiopulmonary resuscitation on file, which includes a hands-on demonstration as part of the training.

R 400.631 **Health screenings.**

(2) A licensee shall have on file a statement signed by a licensed physician or physician's designee attesting to the physical health of the licensee, staff, and members of the household. Statements for the licensee and administrator must be signed no more than 6 months before the issuance of a temporary license and at any other time requested by the department. Statements for staff and members of the household must be obtained within 30 days of employment start date, assumption of duties, or occupancy in the facility.

At the time of inspection, direct care worker, Innocent Mugisha did not have a statement signed by a licensed physician or physician's designee attesting to his physical health.

R 400.685 Resident admission; resident assessment plan; resident care agreement; health care appraisal.

(10) A resident or resident's designated representative shall provide a written health care appraisal or a medical discharge summary by an appropriate health care professional that is completed within the 90-day period before admission. A written health care appraisal must be completed at least annually thereafter. If a written health care appraisal is not available at the time of an emergency admission, a licensee shall require that the appraisal be completed no later than 30 days after admission.

At the time of inspection, Resident A and B did not have a health care appraisal that was completed within 30 days of their admission.

R 400.639 Staff Records

- (1). A licensee shall maintain a record for each staff that contains all of the following:
 - (f) Verification of not less than 2 reference checks. If a reference cannot be obtained, documentation verifying reference checks were attempted must be maintained.

At the time of inspection, I viewed four staff files and two of the four files only had one reference obtained. No documentation was available to review regarding attempts made to contact additional references.

Due to the violations identified in the report, **a written corrective action plan** is required. The corrective action plan is due 15 days from the date of this letter and must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific time frames for each violation as to when the correction will be completed or implemented.
- How continuing compliance will be maintained once compliance is achieved.
- The signature of the responsible party and a date.

The Department provides technical assistance to meet the licensing requirements and consultation to improve services.

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (517) 335-5985.

Sincerely,

Amanda Blasius, Licensing Consultant
