III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Physical Description of Facility

The Shemelia Burdett Foster Home is located in River Rouge. The home is a single-story home. The home consists of three bedrooms, 1 bathroom, a living room, and a dining/kitchen area.

The heat plant and hot water heater are located in the basement. Floor separation between the basement and the main level of the facility is created by a one-hour fire rated door. The door is equipped with an automatic self-closing device and positive latching hardware. The facility is equipped with fire extinguishers which are located on each level of the facility.

The facility is equipped with interconnected, hardwire smoke detection system, with battery back-up, which was installed by a licensed electrician and is fully operational.

Resident bedrooms and living room were measured during the on-site inspection and have the following dimensions:

Bedroom #	Room Dimensions	Total Square Footage	Total Resident Beds
1	9'11" X 10' 3"	96	1
2	9" 10" X 10'	108	1
3	10 X 10	100	1

The living room measures a total of 182 square feet of living space. This exceeds the minimum of 35 square feet per resident requirement.

Based on the above information, it is concluded that this facility can accommodate three residents. It is the licensee's responsibility not to exceed the facility's licensed capacity.

This facility cannot accommodate wheelchairs.

B. Program Description

Admission and discharge policies, program statement, refund policy, personnel policies, and standard procedures for the facility were reviewed and accepted as written. The applicant intends to provide 24-hour supervision, protection and personal care to three male or female ambulatory adults whose diagnosis is developmentally disabled or mentally impaired, in the least restrictive environment possible. The program will include social interaction skills, personal hygiene, personal adjustment skills, and public safety skills. A personal behavior support plan will be designed and implemented for each resident's social and behavioral developmental needs. Residents will be referred

from Detroit Wayne County Mental Health Authority and private pay.

If required, behavioral intervention and crisis intervention programs will be developed as identified in the assessment plan. These programs shall be implemented only by trained staff, and only with the prior approval of the resident, guardian, and the responsible agency.

The licensee will provide all transportation for program and medical needs. The facility will make provision for a variety of leisure and recreational equipment. It is the intent of this facility to utilize local community resources including public schools and libraries, local museums, shopping centers, and local parks.
