III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This facility was found to be in non-compliance with the following rules:

R 325.1932	Resident's medications.
	(2) Prescribed medication managed by the home must be given, taken, or applied pursuant to labeling instructions, orders and by the prescribing licensed healthcare professional.
ANALYSIS:	<p>Review of 6 resident medication administration records (MAR) revealed the following:</p> <ul style="list-style-type: none"> • There were multiple blank entries on Resident B's February 2026 and March 2026 MAR. • There were multiple blank entries on Resident D's February 2026 and March 2026 MAR. • There were multiple blank entries on Resident F's January 2026, February 2026, and March 2026 MAR. <p>Due to the blank entries with no documentation as to why the entries were left blank, it cannot be determined if Resident B, Resident D, or Resident F received medications in accordance with physician orders.</p>
CONCLUSION:	VIOLATION ESTABLISHED

R 325.1976	Kitchen and dietary.
	(6) Food and drink used in the home shall be clean and wholesome and shall be manufactured, handled, stored, prepared, transported, and served so as to be safe for human consumption.
ANALYSIS:	<p>Inspection revealed multiple food items were found unlabeled in the assisted living dining room cabinets, refrigerator, and freezer. These items were not labeled with the appropriate open date, and it could not be determined if the food items were safe for human consumption. Once a food item is opened, an open date must be placed on all food items served to residents in the facility.</p>

CONCLUSION:	VIOLATION ESTABLISHED
--------------------	------------------------------

R 325.1976	Kitchen and dietary.
	(13) A multi-use utensil used in food storage, preparation, transport, or serving shall be thoroughly cleaned and sanitized after each use and shall be handled and stored in a manner which will protect it from contamination.
ANALYSIS:	Review of the dishwasher sanitization logs from January 2026 to March 2026 revealed incomplete and/or blank entries of dishwasher sanitization temperatures for the morning/breakfast mealtime. It could not be determined if the dishwasher was tested thoroughly to ensure cleanliness and sanitization of dishware and utensils due to the incomplete and/or blank entries.
CONCLUSION:	VIOLATION ESTABLISHED
