RE: License #: AS410419755
Elevate Others LLC
2774 Sanderling Ct SE
Kentwood, MI 49508

Dear Bonny Niyibizi:

Attached is the Renewal Licensing Study Report for the facility referenced above. The violations cited in the report require the submission of a written corrective action plan. The corrective action plan is due 15 days from the date of this letter and must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific dates for each violation as to when the correction will be completed or implemented.
- How continuing compliance will be maintained once compliance is achieved.
- The signature of the licensee or licensee designee or home for the aged authorized representative and a date.

A six-month provisional license is recommended. If you do not contest the issuance of a provisional license, you must indicate so in writing; this may be included in your corrective action plan or in a separate document. If you contest the issuance of a provisional license, you must notify this office in writing and an administrative hearing will be scheduled. Even if you contest the issuance of a provisional license, you must still submit an acceptable corrective action plan within 15 days.

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (616) 356-0100.

Sincerely,

A handwritten signature in black ink that reads "Cassandra Duursma". The script is cursive and fluid.

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

400.713 License required; application; forms; investigation; on-site evaluation; issuance or renewal of license; disclosures; maximum number of persons; stating type of specialized program; issuance of license to specific person at specific location; transferability of license; sale of facility; notice; items of noncompliance; refusal by department to issue or renew license; conditions; unlicensed facility; violation as misdemeanor; penalty; receipt of completed application; issuance of license within certain time period; inspections; report; criminal history and records check; storage of fingerprints in automated fingerprint identification system database; convictions; "completed application" defined.

(3) Before issuing or renewing a license, the department shall investigate the activities and standards of care of the applicant and shall make an on-site evaluation of the facility. On-site inspections conducted in response to the application may be conducted without prior notice to the applicant. On-site inspections conducted for renewing a license may be conducted within 12 months before the expiration date of the current license without impact on the license renewal date or the license fee. Subject to subsections (9), (10), and (11), the department shall issue or renew a license if satisfied as to all of the following:

(b) The applicant's compliance with this act and rules promulgated under this act.

There have been no residents in care during the temporary license period.

On 3/13/26, I met with Mr. Niyibizi at the home to provide consultation. Issuing a provisional license due to no residents in care was discussed at that time. Mr. Niyibizi and I have kept contact discussing the status of residents within the home since that meeting.

On 4/23/26, Mr. Niyibizi reported there were no residents in care and would not be prior to the license expiring. He did not dispute my findings or recommendations at that time and reported he intends to contract with and accept referrals for placement through network180 during the provisional license period.

IV. RECOMMENDATION

Contingent upon receipt of an acceptable corrective action plan, issuance of a provisional license is recommended.
