ALLEGATION:

Direct Care Worker Treyshawn Young threatened Resident A with physical harm.

INVESTIGATION:

On 04/14/2026, the Bureau of Community and Health Systems (BCSH) received the above allegation, via the BCHS online complaint system. It is alleged that Staff Treyshawn Young threatened Resident A with physical harm.

On 04/16/2026, Department of Health and Human Services Centralized Intake received the complaint regarding Resident A. The complaint was denied for investigation.

On 04/16/2026, Genesee Health Systems Office of Recipient Rights (ORR) Patricia Shepard contacted me regarding the complaint. ORR Shepard informed me that she was working on her investigation and would keep me updated.

On 05/07/2026, I completed an unannounced investigation at Wilson Road concerning the allegations. I spoke to the following people: Medical Coordinator Jenny Beatty, Home Manager Tameka Miller (via phone), Direct Care Worker Shaun Devamcgee, Resident B and Resident C. Resident A was not home at the time of my onsite investigation.

On 05/07/2026, I completed an interview with Medical Coordinator (MC) Jenny Beatty concerning the allegations. MC Beatty stated that she was familiar with the allegations but did not believe they were true. MC Beatty stated that Direct Care Worker (DCW) Treshawn Young was a good worker and all of the residents liked him before he transferred to another home. MC Beatty stated that Resident A is known to make up false allegations about residents or staff if he does not like them. MC Beatty stated that Resident A does not like being held accountable by staff and will try and get them out of there if he becomes upset with them. MC Beatty stated that she has not witnessed any staff interact inappropriately with any of the residents in the home. MC Beatty stated that she is not aware of any past issues that DCW Young had inappropriate behaviors towards residents. MC Beatty stated that DCW Young had a good rapport with the residents before he left. MC Beatty stated that DCW Young was very interactive with the residents and would take them to do a lot of things outside of the home like bike riding or going for walks.

On 05/07/2026, after I completed my interview with MC Beatty, Home Manager (HM) Tameka Miller called the home and wanted to speak with me regarding the allegations. HM Miller stated that she was aware of the allegations but did not believe they were true. HM Miller stated that DCW Young has no history of inappropriate interactions with any residents. HM Miller stated that when they were made aware of the allegations that they moved DCW Young to a different home because they did want to lose him because he was a good staff member. HM Miller stated that Resident A has a history of trying to get staff fired once he does not like them. HM Miller stated that they completed

their own investigation into the allegations and did not find any violations by DCW Young. HM Miller stated that DCW Young was very active with the residents in the home and the residents liked him very much.

On 05/07/2026, I completed an interview with Direct Care Worker (DCW) Shaun Devamcghee concerning the allegations. DCW Devamcghee stated that he was aware of the allegations but does not believe they are true. DCW Devamcghee stated that he has never witnessed DCW Young treating any residents inappropriately. DCW Devamcghee stated that all the residents liked DCW Young. DCW Devamcghee stated that Resident A is always having issues with other residents and staff. DCW Devamcghee stated that Resident A will get upset and cuss out staff if he does not get his way or staff try to redirect him. DCW Devamcghee stated that Resident A will throw temper tantrums and try and tear up his daybook which staff record his daily behaviors in.

On 05/07/2026, I completed an interview with Resident B concerning the allegations. Resident B appeared neat and clean and was sitting at a desk in the staff office at the time of our interview. Resident B stated that he was aware of the allegations, but they were not true. Resident B stated that he has been at the home for 5 years and he likes it. Resident B stated that he never witnessed DCW Young threaten any resident at the home. Resident B stated that DCW Young was a great staff, and he wishes he would come back to work at the home. Resident B stated that DCW Young was cool and really nice to the residents. Resident B stated that Resident A always lies about staff if he doesn't like them. Resident B stated that Resident A has gotten a lot of staff fired or moved out of the home.

On 05/07/2026, I completed an interview with Resident C concerning the allegations. Resident C appeared neat and clean and was sitting at a desk in the staff office at the time of our interview. Resident C stated that he was aware of the allegations, but they were not true. Resident C stated that he has been in the home for 15 years and he loves it there. Resident C stated that DCW Young was a good staff and he never heard him threaten or yell at Resident A or any other resident. Resident C stated that DCW Young was a good staff member and followed all of the rules. Resident C stated that he heard Resident A talk about DCW Young and say he wanted to "beat his ass". Resident C stated that he has seen this from Resident A before and that if Resident A does not like a staff he will try and get them fired.

On 05/26/2026, I received an email from ORR Patricia Shepard concerning the complaint. ORR Shepard informed me that she completed her investigation and did not substantiate the complaint.

On 05/28/2026, I completed a phone interview with Resident A's guardian, Guardian A1, concerning the allegations. Guardian A1 stated that she was aware of the allegations but is unsure if they are true. Guardian A1 stated that Resident A is not the easiest resident to get along with. Guardian A1 stated that Resident A does have a past history of making false allegations towards staff if he does not like them. Guardian

A1 stated that it is possible that the staff member did not threaten Resident A and that he will make allegations at times for attention. Guardian A1 stated that she has no concerns about the care that Resident A receives at the home and that the staff communicate well with her and are very helpful with Resident A.

I reviewed Resident A's Genesee Health System Face Sheet. The face sheet notes that Resident is diagnosed with the following: Schizoaffective disorder, Bipolar disorder, Mild mental retardation, Intellectual disability and other specified attention deficit/hyperactivity disorder.

On 06/03/2026, I completed a phone interview with Resident A concerning the allegations. Resident A was at Wilson Road home at the time of our phone interview. Resident A was able to communicate with no issues. Resident A stated that he was familiar with the allegations and believed they were true. Resident A stated that this all started when DCW Young took a few of the residents to Taco Bell to get some food. Resident A stated that while they were at Taco Bell he got out of the car and DCW Young told him to get back in the car. Resident A stated that DCW Young was talking to him any which way and he did not like it. Resident A stated that he told him no because he wanted to go to the store and get some other things. Resident A stated that when they got back to the home, he told supervision that DCW Young was running through stop lights and beeping at people and speeding. Resident A stated that he kept on egging it on with supervision because he wanted DCW Young out of the house because he was not cool. Resident A stated that DCW Young came to his room and told him if he gets fired, they are gonna have a problem. Resident A stated that there was no one around when he said that so there probably isn't anyone who witnessed it. Resident A stated that DCW Young never threatened him or yelled at him before that incident and transferred out of the house right away after the complaint. Resident A stated that he has had no contact with DCW Young since he was transferred out of the home.

On 06/06/2026, I completed a phone interview with Direct Care Worker (DCW) Treyshawn Young concerning the allegations. DCW Young stated that he is familiar with the allegations, but they are not true. DCW Young stated that he never threatened Resident A and that he is not sure why Resident A would say that he did that. DCW Young stated that he got along with Resident A when he first started working in the home. DCW Young stated that he noticed that Resident A's behavior began to change towards him after he redirected him a few times and would not let him get away with doing whatever he wanted to do. DCW Young stated that he liked being in the home and he was very active with the residents. DCW Young stated that he liked making breakfast for the residents and taking them on bike rides. DCW Young stated that he only worked in the home for a few months before he was transferred to another home. DCW Young stated that he has not been disciplined for any inappropriate interactions with residents or staff members. DCW Young stated that he has not been back to Wilson Road home since he was transferred and he has had no interaction with Resident A since then either.
