Facility Telephone #:	(248) 350-2203
Capacity:	5
Program Type:	DEVELOPMENTALLY DISABLED

II. Purpose of Addendum

The purpose of the addendum to the original licensing study report is to change the total capacity of the home from five to six, due to a licensee clerical error in completing the application.

III. Methodology

07/15/2026	Contact – Document received I received an email from licensee designee, Shannon White-Schellenberger, indicating there is a mistake on the license she received. She indicated the license application was supposed to be for six residents, but the administrative assistant completing the application indicated it was for five.
07/21/2026	Inspection Completed on-site I completed an onsite inspection to re-measure the bedrooms in the home.

IV. Description of Findings and Conclusions

On 07/20/2026, I completed an onsite inspection at Old Post Home to re-measure the bedrooms. The bedrooms have the following dimensions:

Bedroom #	Room Dimensions	Total Square Footage	Total Resident Beds
1	10'6" x 16'	168	1
2	10'6" x 15'10"	157.5	1
3	10'6" x 15'10"	157.5	1
4	10'6" x 15'4"	161	1
5	10'5" x 15'03	158.85	1
6	10'7" x 15'	158.75	1

The living room is 433.46 square feet, and the game/puzzle area is 370.56 square feet, for a combined square footage of **804.02** square feet of living space. This exceeds the minimum of 35 square feet per occupant requirement.

Based on the above information, it is concluded that this facility can accommodate six **(6)** residents. It is the licensee's responsibility not to exceed the facility's licensed capacity.

V. Recommendation

It is my recommendation that the total capacity be changed from five **(5)** residents to six **(6)** residents.
