II. Purpose of Addendum

On 07/30/2026 during the on-site inspection for the renewal for McBride Sherman Street Home, I learned the licensee had converted the garage to two resident private bedrooms and a resident living room. The two extra bedrooms do not change the capacity of the facility but instead add two private bedrooms.

III. Methodology

07/30/2026 – On-site renewal inspection and met with ADOS Crystal Weed, Director of Operations Ryan Heeke, and direct care staff member / home manager Miranda Merrill. Measured bedrooms and living space.

IV. Description of Findings and Conclusions

McBride Sherman Street Home originally had three shared bedrooms before and now there are five bedrooms (only 1 shared bedroom). There is also a large living room space with a couch. The modification doesn't change the capacity for the facility, but allows extra space for residents.

I measured the living room area and it was 23'7" X 17" = 400 sq. feet

Bedroom 10' X 11'8" = 116 sq. feet

Bedroom 9'10" X 11'5" = 112 sq. feet

V. Recommendation

Approval for the change in the use of space from three bedrooms to five bedrooms due to the addition of two private resident bedrooms is recommended.
