ALLEGATION:

There were no employees at the facility.

INVESTIGATION:

On 8/13/26, I received a telephone call from Officer Zaborowske. He received an anonymous complaint that there were no employees at the facility. Officer Zaborowske offered that he could do a wellness check. I asked him to do so. Some time later, I received another call from Officer Zaborowske. There were no employees at the facility when he arrived there. There were several residents inside the facility. While there, Mr. Robert Gulley and employee Sherry Ombrello arrived. Mr. Gulley had taken his car in for maintenance and Ms. Ombrello drove him there.

On 8/14/26, I received a copy of the police report about the incident. Officer Zaborowske received an anonymous complaint that Mr. Gulley left residents of the

facility home alone. The complainant witnessed Mr. Gulley leave the premises. When Officer Zaborowske arrived, Resident A answered the door and reported that he was home alone with two other residents. When Resident A was asked where Mr. Gulley was, he reported he did not know. Resident A did not know Mr. Gulley's phone number. As Officer Zaborowke began to leave, Mr. Gulley arrived at the facility with Ms. Ombrello. Mr. Gulley reported that he was gone for 15 minutes because he had to take his car into the mechanic. Officer Zaborowske reported that, based on when he received the complaint, Mr. Gulley was away from the facility for approximately a half hour to 45 minutes.

On 8/14/26, I interviewed Mr. Gulley at the facility. Mr. Gulley admitted to being gone for 15 minutes while he took his vehicle to the mechanic. There were no employees at the facility during that time. Mr. Gulley reported that if he did not take his vehicle in when the mechanic called, he would have had to wait another couple weeks for an appointment. I verified that Mr. Gulley had installed a new, locking medicine cabinet, was keeping up with menus and other paperwork, and the kitchen and food prep areas were clean, all of which were issues which led to the provisional license in **SIR 2026A0873012**.

APPLICABLE RULE	
R 400.633	Staffing requirements.
	(1) A licensee shall always have sufficient direct care staff on duty for the supervision, personal care, and protection of residents and to provide the services specified in a resident's assessment plan, health care appraisal, and resident care agreement.
ANALYSIS:	Mr. Gulley understands the seriousness of the situation and did not mean to be gone longer than 15 minutes. The other issues which led to the provisional license have been remedied. This was an isolated incident that Mr. Gulley reports will not happen again.
CONCLUSION:	VIOLATION ESTABLISHED

On 9/4/26, I explained the findings of this report to Mr. Gulley at the facility. We discussed the need to ensure this does not happen again. Mr. Gulley explained that he understood.

IV. RECOMMENDATION

Upon receipt of an acceptable corrective action plan, I recommend this license to continue in its provisional status.
