II. Purpose of Addendum

The facility's authorized representative proposes adding 20 additional beds to the license capacity of this Home for the Aged. Those 20 beds will be located in a recently constructed addition to the facility.

III. Methodology

This licensing staff conducted a on-site inspection of the new addition on June 6, 2005.

An Occupancy Approval was received from the Department of Community Health, Bureau of Health Systems, Health Facilities Engineering Section on May 17, 2005.

Full approval for occupancy of the facility's new addition was obtained from the Department of Labor & Economic Growth, Bureau of Construction Codes and Fire Safety on May 23, 2005.

IV. Description of Findings and Conclusions

The proposed 20 additional Home for the Aged beds are located in a new wing that was built as an addition to the first floor of the facility. The addition contains 20 resident rooms, two of which are accessible to handicapped residents. The new addition also contains a gift shop, a beauty shop, a bathing room, two public toilet rooms and additional office space for administrative staff.

All of the resident rooms located in the new addition have restrooms equipped with a toilet, a sink, and a shower facility.

The facility is in full compliance with all applicable Home for the Aged rules and statutes.

V. Recommendation

I recommend increasing the license capacity from 140 to 160 beds for this Home for the Aged
