A. Physical Description of Facility

Cambrian Assisted Living is a one-story Home for the Aged (HFA) facility. The HFA facility consists of 38 studio apartments, 18 one-bedroom apartments large enough to accommodate one or two beds, and 2-two bedroom apartments. Occupancy approval for 70 beds has been obtained. The home has a large dining room, four activity rooms and two sitting rooms in the foyer. The interior of the facility appears clean and well maintained. The exterior of the facility is in process of being landscaped.

B. Program Description

This HFA has a license capacity of 70. At the time of this inspection, three people had moved in their personal items and were awaiting residency approval.
