III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Physical Description of Facility

This is a spacious two-story log home located northwest of downtown Bangor. The home consists of 6 bedrooms, 4 full bathrooms, a kitchen, dining room, and living room. Three bedrooms will be for resident use. The licensee's adult son, who has a developmental disability and will be counted toward the overall census, will occupy one of those bedrooms. An additional resident bedroom is located on the main floor, and is of sufficient square footage to house two residents. The third resident bedroom is located on the second floor and is of sufficient square footage for a single resident. The remaining bedrooms are occupied by the licensees and/or are reserved for frequent guests.

The home has an interconnected electronic smoke detection system with smoke detectors located in all required areas. The home is heated with propane. On 12/19/05, the Van Buren County Environmental Health Department issued an A rating for the home's private well and septic system.

Proof of ownership is on file.

B. Program Description

John and Mary Chihan will be the licensees and primary caregivers. They currently provide care to their adult son, who will also be considered an adult foster care resident. Record clearances for Mr. and Mrs. Chihan indicate no criminal convictions for either. Medical clearances and TB test results for both indicate compliance with applicable rules. The Chihans have identified Bridgette Gumpert as their responsible person in their absence, and have provided appropriate medical and criminal clearance

information for her. The licensees may have additional staff occasionally and are aware of the medical and record clearance requirements for these individuals.

The licensees prefer to care for adult men with developmental disabilities who have completed school or training, and who are compatible with their son. Smokers are not accepted. Residents who require the regular use of a wheelchair cannot be accommodated. The Chihans will provide the following activities: outings for church, shopping, enjoying nature, the arts, local festivals, and in-home opportunities for recreation, exercise and pursuit of hobbies. Residents will be asked to participate in birthday and holiday celebrations as well as daily meal planning, cooking, laundry, and cleaning. The licensees will provide local transportation up to \$250 in value per resident. Transportation in excess of that amount will be arranged with the resident and/or their designated representative and responsible agency.

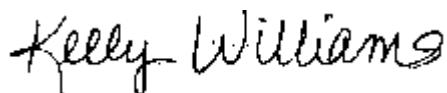

The Chihans have been provided with all necessary resident record keeping forms to achieve and maintain compliance.

C. Rule/Statutory Violations

All rule noncompliances were corrected prior to license issuance.

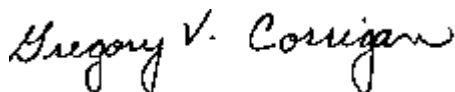

IV. RECOMMENDATION

I recommend issuance of a temporary license to this AFC adult family home (capacity 4).
