Facility Address:	23621 15 Mile Road Clinton Township, MI 48035
Facility Telephone #:	(586) 285-6202
Capacity:	138
Program Type:	AGED

II. Purpose of Addendum

A letter from the authorized representative was received on 7/19/07, requesting a modification of terms to the original license to add the services provided to residents with Alzheimer’s disease and other forms of dementia.

III. Methodology

During a recent on-site renewal inspection on 4/02/07, an inspection tour was conducted of the 16-bed second floor wing designated specifically for residents with a diagnosis of Alzheimer’s disease and other forms of dementia. It was noted that the unit’s doors are locked and can only be exited when a code is entered. This is to prevent residents from wandering away unsupervised. Staff and residents of this particular area were observed during activities and interactions. Activities and meals are served within the unit. Documentation verified that staff receive ongoing training in Alzheimer’s disease and other forms of dementia to work with these residents. The facility’s description of services was also reviewed and found to meet compliance with MCL333.20178.

IV. Description of Findings and Conclusions

An inspection tour of the facility’s unit designed for residents with Alzheimer’s or other forms of dementia was completed, along with observation of staff and residents, confirmation of staff training and a review of the facility’s description of services to persons with Alzheimer’s disease or a related condition. All items met compliance with MCL 333.20178.

V. Recommendation

It is recommended that the facility’s license be modified to include services provided to residents with Alzheimer’s disease or a related condition.

7/20/07

Andrea Krausmann
