III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Physical Description of Facility

The facility is a 2-story building located in a rural community in Allegan County. The facility was originally licensed on 02/23/05 and is undergoing a change of ownership at this time. The first floor of the building is for resident use. The second floor has an apartment, which has an entrance separate from the Adult Foster Care (AFC) facility entrance. The facility contains 20 single bedrooms, with a ½ bath contained in each bedroom; selected rooms have a shower in the bathroom. All bedrooms exceed the requirements for usable bedroom floor space, and measurements are on file. Three bathing facilities are located throughout the facility. The facility provides the required

square feet of living space. A spacious dining room is located in the facility. The facility has a small complete kitchen which is primarily used for the warming of food and storage of snacks, as the large kitchen in Golden Orchards I is used for the preparation of food in both facilities. The facility is part of a "Twin 20", in that another 20 bed AFC facility is attached to the front of this facility. The facilities are separated by a fire door and are clearly identified as separated foster care homes.

The facility has a gas furnace and gas hot water heater. A laundry room is located on the first floor of the facility.

The Bureau of Fire Marshal Services inspected the facility on 03/16/09 and approved the facility.

The facility has private water and septic. The Allegan County Environmental Health Department gave the facility an "A" rating on 01/21/09. An "A" rating indicates the facility is in substantial compliance with applicable rules
