## **B. Licensee Designee and Licensee Designee/ Administrator Qualifications**

This facility is being purchased by Consumer Services Inc. who also owns and operates other licensed adult foster care facilities in Michigan. The board of Consumer Services Inc. has named Kathleen Taylor as the licensee designee and Cheryl Travis as the facility administrator.

Kathleen Taylor has been employed as the Chief Executive Officer of Consumer Services Inc. for six years and has 20 years of experience working with the populations that will be accepted into this facility. Ms. Taylor is also a Licensed Master Social Worker.

Cheryl Travis has eight years of experience working with the populations that will be placed in this facility and meets the licensing requirements for facility administrator.

A search of the Law Enforcement Information Network did not locate any criminal convictions recorded for the licensee designee or administrator. The licensee designee and administrator submitted statements from a physician documenting their good health and current TB-tine negative results.

The applicant has sufficient financial resources to provide for the adequate care of the residents as evidenced by the projected budget that was submitted.

The supervision of residents in this small group home licensed for six residents will be the responsibility of the licensee 24 hours a day / 7 days a week.

The licensee designee acknowledges an understanding of the qualification requirements for the administrator, direct care staff, and volunteers providing care to residents in the facility.

The licensee designee acknowledged an understanding of the responsibility to assess the good moral character of employees and contractors who have regular, ongoing, "direct access" to residents or the resident information or both. The licensing consultant provided technical assistance on the process for obtaining criminal record checks utilizing the Michigan Long Term Care Partnership website ([www.miltcpartnership.org](http://www.miltcpartnership.org)), L-1 Identity Solutions™ (formerly Identix ®), and the related documents required to be maintained in each employees record to demonstrate compliance.

The licensee designee acknowledges an understanding of the administrative rules regarding medication procedures. In addition, the licensee designee has indicated that resident medication will be stored in a locked cabinet and that daily medication logs will be maintained on each resident receiving medication.

The licensee designee acknowledges their responsibility to obtain all required documentation and signatures that are to be completed prior to the administrator, direct care staff and volunteers working directly with residents. In addition, the licensee designee acknowledges their responsibility to maintain a current employee record on file in the home for the licensee designee, administrator or volunteer or staff, and the retention schedule for all of the documents contained within each employee's file.

The licensee designee acknowledges an understanding of the administrative rules regarding the admission criteria and procedural requirements for accepting a resident into the facility for adult foster care.

The licensee designee acknowledges an understanding of the administrative rules regarding the discharge criteria and procedural requirements for issuing a 30-Day discharge written notice to a resident as well as when a resident can be discharged before the issuance of a 30-Day written discharge notice.

The licensee designee acknowledges an understanding of the administrative rules regarding informing each resident of their resident rights and providing them with a copy of those rights. The licensee designee indicated that it is their intent to achieve and maintain compliance with these requirements.

The licensee designee acknowledges an understanding of the administrative rules regarding the written and verbal reporting of accidents and incidents and the responsibility to conduct an immediate investigation of the cause. The licensee designee has indicated their intention to achieve and maintain compliance with reporting and investigation of each incident and accident involving a resident, employee, and/or visitor.

The licensee designee acknowledges an understanding of the administrative rules regarding the handling of resident funds and valuables and intends to comply.

The licensee designee acknowledges their responsibility to obtain the required forms and signatures that are to be completed prior to, or at the time of each resident's admission to the home as well as the required forms and signatures to be completed for each resident on an annual basis. In addition, the licensee designee acknowledges their responsibility to maintain a current resident record on file in the home for each resident and the retention schedule for all of the documents contained within each resident's file.

### **C. Program Description**

The applicant has submitted a program statement identifying the population they will serve, admission criteria, assessment process for residents and services that will be offered.

This facility will provide services for male and female residents who are mentally ill, developmentally disabled and physically handicapped. This facility will admit both males and female over the age of 18 years. The program statement identifies an assessment process for residents that will insure the resident does not pose a physical threat to self or others, does not require 24 hour nursing care, and does not require physical management for inappropriate behaviors on an ongoing basis.

The program statement indicates that the services to be provided by this facility include adequate staffing to assist each resident in meeting the goals identified in their person centered plan, assisting residents with daily living skills as identified in the resident's assessment, providing teaching and training of residents through social activities within the facility and in the community on a weekly basis or more often as scheduled. This facility will provide structured time with staff to explore crafts, arts, hobbies, and other leisure activities that interest the residents.

The residents in this facility will also participate in workshops in the community on a daily basis if they are able to do so.
